

## APPLICATION CHECKLIST

All applications for permits and registrations filed with the District shall include the following information:

1. Name and mailing address of the applicant/registrant and, if different, the owner of land on which the well is or will be located.

**A.W. McCrary Jr.  
P.O. Box 829  
Luling, TX 78648**

2. If the applicant/registrant is other than the owner of the property, documentation establishing the applicable authority to construct and/or operate the well for the proposed use.

**N/A**

3. The location of the Existing Well or to be drilled, including:

- longitude and latitude coordinates,

**Well # 1 (new) Latitude: 29.791389 Longitude: -97.64444**

- the name of the current landowner as listed on the tax rolls with the Volume and Page data from the Caldwell or Hays County Deed Records, and

**A.W. McCrary Jr.  
Volume 443 Page 242  
Volume 142 Page 880**

- the distance in feet to the nearest public road, property line or other legal description, and the survey in which the land is located.

**Well = 450 Feet to County Rd. 207 in the A022 ROE, JOHN Survey.**

**Well = 67 feet from the nearest property line in the the A022 ROE, JOHN Survey.**

4. A statement of the nature and purpose of the existing/proposed use and the amount of water to be used for each purpose.

*Multiple uses of the same quantity of water to be permitted by the District may be requested, provided that the total cumulative volume used annually does not exceed the amount authorized by the permit or exemption issued by the District or authorized by these Rules; provided, however, that groundwater produced from any exempt well(s) may only be used for domestic and livestock purposes.*

**Irrigation & Livestock. 44 Acre Feet per Year**

5. The proposed rate at which water is or will be withdrawn.

**65 gallons per minute**

6. The name and address of the driller or contractor.

**Evans Drilling  
P.O. Box 924  
Belmont, TX 78604**

7. The date proposed drilling operations are to commence for a new well(s), or the date on which the well(s) was completed for an Existing Well.

**Drilling was started on 8/10/2011 and completed on 8/13/2011**

8. A statement of the location of the three (3) closest permitted or registered wells within one-half mile of the proposed well(s) location, together with the names and addresses of the owners of the Property on which such wells are located based upon the most current tax rolls, and the legal descriptions of each location, or permit application or district well number.

**See attached map**

9. An acknowledgment by the applicant/registrant that required information will be furnished to the District by the applicant/registrant upon completion of the well(s) and prior to production of water therefrom.

**I will furnish required information to the District upon completion of the well(s) and prior to production of water therefrom.**

10. *Either:*
  - A water conservation and drought contingency plan;
  - or a declaration that the applicant/registrant will comply with the District's Groundwater Management Plan, including any water conservation and drought contingency plans.

**I will comply with the District's Groundwater Management Plan, including any water conservation and drought contingency plans.**

11. A list of landowners adjacent to the tract for which the application is submitted as listed on the tax rolls of Caldwell or Hays County, as applicable.

**See Attached list and map**

12. *Either:*

- A water well closure plan; or
- a declaration that the applicant/registrant will comply with well plugging guidelines and report closure to the TCEQ and the District.

**I will comply with well plugging guidelines and report closure to the TCEQ and the District.**

13. A representation that the well(s) was, or will be, drilled, equipped and completed in accordance with District Rules.

**A test well permit should have been filled out before the well was drilled.**

14. Acknowledgment that the well(s) will be properly plugged in accordance with District Rules.

**The well will be properly plugged in accordance with District Rules.**

15. A mitigation plan for a **Tier II** well.

**This well is a Tier I well**

16. A mitigation plan for a **Tier I** well when required by the Executive Manager pursuant to Rules 4 and/or 19.

**The Executive Manager does not require a mitigation plan at this time.**

17. Well testing requirements associated with public drinking water supply wells and subject to requirements of provisions contained in 30 TAC 290 governing Public Drinking Water Systems shall include interval-time drawdown data and calculations of producing formation characteristics shall include transmissivity, hydraulic conductivity, and storage coefficients.

**This well does not supply public drinking water**

18. Any other additional information deemed necessary by the District and authorized by Chapter 36, Texas Water Code.

**Applicant's Sworn Statement**

I hereby swear and affirm that the information given herein is true and accurate to the best of my knowledge and belief, and that I am aware of, knowledgeable of, and will comply with all District Rules.

## PRODUCTION PERMIT CHECKLIST

### NEW WELL

To obtain a "Water Well Production Permit" for a **new** well:

- the drilling permit number assigned to that well by the District; and  
**a drilling permit number was not assigned by the District**
- the following additional information shall be provided to the District immediately upon completion of a new well(s), or the reworking or re-equipping of an existing well(s) on forms provided by the District:

19. Copies of any either (i) other applications for permits previously submitted to, and/or (ii) permits issued by the District for the subject well.

**N/A**

20. The drilling log(s) prepared during the drilling of the subject well.

**See attached State of Texas Well Report**

21. a) Identification of the aquifer(s) from which water will be produced;  
and

**Wilcox Aquifer**

b) the screening or perforation interval(s).

**240 – 270feet**

22. The proposed use of the well(s).

**Irrigation & Livestock & future Home**

23. The total number of gallons per minute the pump(s) is capable of producing.

**85 GPM**

24. The rate at which the well(s) is going to be produced in gallons per minute.

**65 -75 GPM**

25. The volume of water to be produced annually.

**44 acre feet of water per year**

26. The number of contiguous acres owned or leased by the applicant/registrant from which groundwater is to be produced as recorded in the Caldwell or Hays County Deed Records.

**88.549 acres**

27. Additional information that may be required by the Board, and authorized by Chapter 36, Texas Water Code.

**N/A**

**Applicant's Sworn Statement**

I hereby swear and affirm that the information given herein is true and accurate to the best of my knowledge and belief, and that I am aware of, knowledgeable of, and will comply with all District Rules.
