

APPLICATION CHECKLIST

All applications for a permits and registrations filed with the District shall include the following information:

1. Name and mailing address of the applicant/registrant and, if different, the owner of land on which the well is or will be located.

**Henrique A. Rodriquez
1205 Trinity St.
Lockhart, TX 78644**

2. If the applicant/registrant is other than the owner of the property, documentation establishing the applicable authority to construct and/or operate the well for the proposed use.

N/A

3. The location of the Existing Well or to be drilled, including:
 - longitude and latitude coordinates,
 - the name of the current landowner as listed on the tax rolls with the Volume and Page data from the Caldwell or Hays County Deed Records, and
 - the distance in yards to the nearest public road, property line or other legal description, and the survey in which the land is located.

**Latitude 29.874983 Longitude - 97.58785
Henrique Rodriguez
Volume 132,362 Page 524,526
30 yards to Cattlemans Row.
Survey A082 Clinton, Williams**

4. A statement of the nature and purpose of the existing/proposed use and the amount of water to be used for each purpose.

Multiple uses of the same quantity of water to be permitted by the District may be requested, provided that the total cumulative volume used annually does not exceed the amount authorized by the permit or exemption issued by the District or authorized by these Rules; provided, however, that groundwater produced from any exempt well(s) may only be used for domestic and livestock purposes.

Proposed use is Irrigation and Livestock.

10 acre feet per year

5. The proposed rate at which water is or will be withdrawn.

50 GPM

6. The name and address of the driller or contractor.

**Royall's Windmill Pump, LLC
15240 F.M. 1322
Luling, TX 78648**

7. The date proposed drilling operations are to commence for a new well(s), or the date on which the well(s) was completed for an Existing Well.

Completed May 22th 2009

8. A statement of:
- the location of the three (3) closest wells and/or permits within one-half mile of the proposed well(s) location; together with
 - the names and addresses of the owners of the Property (*having the nearest wells*) based upon the most current tax rolls; and
 - the legal descriptions of each location, or permit application (*for the neighboring wells*) or district well number (*if the neighboring wells have well numbers*).

See attached maps and adjacent owner list for well locations and property owner names, addresses and legal descriptions.

9. An acknowledgment by the applicant/registrant that required information will be furnished to the District by the applicant/registrant upon completion of the well(s) and prior to production of water therefrom.

I acknowledgment that I will furnish required information to the District upon completion of the well(s) and prior to production of water therefrom.

10. *Either:*

- A water conservation and drought contingency plan;
- or a declaration that the applicant/registrant will comply with the District's Groundwater Management Plan, including any water conservation and drought contingency plans.

I will comply with the District's Groundwater Management Plan, including any water conservation and drought contingency plans.

11. A list of landowners adjacent to the tract for which the application is submitted as listed on the tax rolls of Caldwell or Hays County, as applicable.

Attached List

12. *Either:*

- A water well closure plan; or
- a declaration that the applicant/registrant will comply with well plugging guidelines and report closure to the TCEQ and the District.

I will comply with well plugging guidelines and report closure to the TCEQ and the District.

13. A representation that the well(s) was, or will be, drilled, equipped and completed in accordance with District Rules.

Because I was not aware of PCCD's rules, the well was drilled and used before I made an application for a drilling permit and an application for a water well production permit.

14. Acknowledgment that the well(s) will be properly plugged in accordance with District Rules.

The well will be properly plugged in accordance with District Rules.

15. Any other additional information deemed necessary by the District and authorized by Chapter 36, Texas Water Code.

N/A

PRODUCTION PERMIT CHECKLIST

NEW WELL

To obtain a “Water Well Production Permit” for a **new** well:

- the drilling permit number assigned to that well by the District; and
- the following additional information shall be provided to the District immediately upon completion of a new well(s), or the reworking or re-equipping of an existing well(s) on forms provided by the District:

16. Copies of any either (i) other applications for permits previously submitted to, and/or (ii) permits issued by the District for the subject well.

N/A

17. The drilling log(s) prepared during the drilling of the subject well.

See attached State of Texas Well Report

18. a) Identification of the aquifer(s) from which water will be produced; and

Wilcox Aquifer

- b) the screening or perforation interval(s).

160 – 200 feet

19. The proposed use of the well(s).

Irrigation

20. The total number of gallons per minute the pump(s) is capable of producing.

50 GPM

21. The rate at which the well(s) is going to be produced in gallons per minute.

50 GPM

22. The volume of water to be produced annually.

10 acre feet of water per year

23. The number of contiguous acres owned or leased by the applicant/registrant from which groundwater is to be produced as recorded in the Caldwell or Hays County Deed Records.

10 acres

24. Additional information that may be required by the Board, and authorized by Chapter 36, Texas Water Code.

STATE OF TEXAS WELL REPORT for Tracking #208053

Owner:	Rodriguez	Owner Well #:	1
Address:	Cattlemans Row Lockhart , TX 78644	Grid #:	67-04-7
Well Location:	Cattlemens Row Lockhart , TX 78644	Latitude:	29° 52' 30" N
Well County:	Caldwell	Longitude:	097° 35' 17" W
Elevation:	474 ft.	GPS Brand Used:	Garmin
Type of Work:	New Well	Proposed Use:	Irrigation

Drilling Date:

Started: **6/8/2009**
Completed: **6/11/2009**

Diameter of Hole:

Diameter: **8.75 in From Surface To 202 ft**

Drilling Method:

Mud Rotary

Borehole Completion:

Gravel Packed From: **100 ft to 202 ft**
Gravel Pack Size: **3/8**

Annular Seal Data:

1st Interval: **From 100 ft to 90 ft with 2 HOLE PLUG (#sacks and material)**
2nd Interval: **From 10 ft to 0 ft with 8 Ready Mix (#sacks and material)**
3rd Interval: **No Data**
Method Used: **No Data**
Cemented By: **No Data**
Distance to Septic Field or other Concentrated Contamination: **NA ft**

Distance to Property Line: **+50 ft**
Method of Verification: **Estimated**
Approved by Variance: **No Data**

Surface Completion: **Surface Sleeve Installed**

Water Level: Static level: **24 ft. below land surface on 6/11/2009**
Artesian flow: **No Data**

Packers: **No Data**

Plugging Info: Casing or Cement/Bentonite left in well: **No Data**

Type Of Pump: **Submersible**
Depth to pump bowl: **120 ft**

Well Tests: **Jetted**
Yield: **75 GPM with 100 ft drawdown after 2 hours**

Water Quality: Type of Water: **Wilcox**
Depth of Strata: **100 ft.**
Chemical Analysis Made: **No**
Did the driller knowingly penetrate any strata which
contained undesirable constituents: **No**

Certification Data: The driller certified that the driller drilled this well (or
the well was drilled under the driller's direct supervision)
and that each and all of the statements herein are true
and correct. The driller understood that failure to
complete the required items will result in the log(s)
being returned for completion and resubmittal.

Company Information: **Royalls Windmill & Pump, LLC**
