

Plum Creek Conservation District

PUBLIC HEARING NOTICE

PROPOSED MITIGATION PLAN

Plum Creek Conservation District will hold a public hearing on a proposed Mitigation Plan.

The hearing on the proposed Mitigation Plan will be held at:

1:00 P.M.

Thursday, January 29, 2015

1101 West San Antonio St., Lockhart, Texas 78644.

The purpose of the proposed mitigation plan is to provide for a means to allow a water well owner or water well user who has been granted legal authority to use the well, and who alleges that his/her water well has been negatively impacted by the pumping of a neighboring water well, the opportunity to apply for and seek mitigation.

The Plum Creek Conservation District mitigation plan involves a process of eight (8) phases which are (1) Pre-Qualification, (2) Well Examination, (3) Data Compilation, (4) Mitigation Meeting, (5) Board Report, (6) Rehearing Request, (7) Final Board Ruling, and (8) Compliance

Copies of the Proposed Mitigation Plan are available at the Plum Creek Conservation District office and are posted on the District's web site: www.pccd.org.
